

Past History

Dear Client,

The Paul Bunyan Lumberjack Show is a historical, humorous, educational, and also a very strong family entertainment. We find that our show is loved by every age group, from children that love the log rolling, and the humorous antics throughout the show, to the young age to middle age, enjoy the tremendous skills of accuracy that our lumberjacks have, and to our senior people that enjoy the entertainment, because they can relate to the old time skills they may have used once themselves.

Some of our past Clients include:
